EMPIRE HOT AIR COOKING STOVE.
L. J. FARWELL,
Roger's Block, on East Water-Street,

NOW offers to the public this approved Cook Stove, of different sizes, to suit small families, or large Boarding Houses or Hotels. The high character which this Stove has obtained wherever it has been introduced, is a guaranty of its excellence. The complete success which has attended the introduction of hot air into the oven, and other improvements in the construction of the Empire Stove, justify him in warranting them to bake equally as well as a brick oven, and to perform all other operations in cooking with 50 per cent less fuel than any other cooking stove now in use.

An examination of the stove will ensure its sale, and a trial of it fully realize all reasonable expectations. aug 14

2000 STOVES.—STOVES.—The subscriber is now receiving the largest and best assortment of Cooking Plate and Parlor Stoves ever brought to the Western market, which he will sell low for cash. He would respectfully invite those who may wish to purchase, to give him a call before purchasing elsewhere, as he flatters himself that he can suit such as may call, both in quantity and price. We are now able to offer a complete assortment of Goods in our line, to which we would call the attention of all who may wish to purchase for cash. Our stock having been laid in before the advancement, we feel confident that we can make such prices as will insure a ready sale. Having made arrangements with Eastern Hardware Manufacturers from whom we obtain our supplies, we can make it an object for country merchants to buy of us, and thus save them the disadvantage of buying an over stock. We shall endeavor to keep on hand a full stock of Tools and Farming Utensils, and will furnish at short notice, any amount of building material that may be wanted. Having adopted the system of serving all at one price, those who may favor us with orders, can rely on our doing as well by them as if they were here themselves.

The Mormons and the Locofocos.

The Courier of yesterday takes offence at the article in the Sentinel of Tuesday in which we fastened upon the Loco Foco leaders and demagogues of Illinois the responsibility for the Mormon troubles in Hancock county. The Courier affects to discover both ignorance and misrepresentation in our remarks upon the subject, and undertakes to enlighten the one and rebuke the other. We are duly grateful for our neighbor's good intentions, and only regret that he seems either unwilling or unable to carry them out. He ventures, indeed, to deny that the charter granted to the Mormons by the Loco Foco Legislature of Illinois contained any "greater powers than other city charters confer;" and he is hardy enough to assert that "Jo Smith and his Elders (and by implication the whole Mormon tribe) were Whigs and always voted for the Whig ticket." Now as to the charter, if it was as harmless an instrument as the Courier represents, why did the Legislature *repeal it unconditionally?* If it conferred none other than the usual powers and privileges, on what ground was it annulled? The city of Nauvoo was entitled to an *ordinary* charter, such as other cities possess. If the charter they held was no more than this, why repeal it? The fact that it *was* repealed proves its objectionable character. As to the Mormon vote, which the Courier intimates was always "Whig," will that paper tell us how Nauvoo voted at the Presidential election last fall, or at the Congressional election in 1842? Unless our memory is greatly at fault, the "City of the Saints" gave a Loco Foco majority of a thousand or so, in return for the exclusive privileges and chartered rights conferred upon them by Loco Foco Legislators. The Courier, in conclusion, cautions us to take the assertions of our Whig contemporaries with many grains of allowance.—Very well; but what measure of deduction are we to apply to the statements of a paper which represents the Nauvoo charter as precisely like other city charters, and which speaks of the Mormon Elders as all and always "Whigs"?

Beauties of the Tariff.—We notice by Pennsylvania papers, that in one of their towns some hundred Englishmen have been expressly imported to work in the iron manufactories of that place.—Thus while the tariff protects these manufacturers in the receipt of exhorbitant prices for their manufactured articles, they hunt the world over for the cheapest labor; and although they prate much about protection to home industry, it don't mean anything but protection to themselves.

[Southport Telegraph

We suppose that even the Southport Telegraph will hardly insist that these "hundred Englishmen" ("men in buckram," probably) are the *only* persons employed in the Pennsylvania manufactories. Doubtless they were sent for to introduce some improvement in the mode of manufacturing iron, with which our own people are not yet familiar. But these "hundred Englishmen" have to be clothed and fed and spend their wages here, all of which goes to help the country. Besides they have, or will become naturalized, and do we understand the Southport Telegraph to make war upon the Whig Tariff because it gives employment to adopted as well as to native born citizens?

Mark, again, the glaring inconsistency of these British Free Traders. They cry out against the Tariff because "one hundred Englishmen" are employed in the Iron manufactories of Pennsylvania. Now repeal the Tariff and what will be the result? These "hundred Englishmen" will doubtless be dismissed from employment, and so will the thousands and tens of thousands of American, Irish and German citizens who now find steady work and good wages in the numerous factories of our own country. But whence then will come our supplies of manufactured goods, since we must have them from some quarter? Why from England, of course; and thus instead of "one hundred Englishmen" employed on this side of the Atlantic, we should set one hundred thousand to work on the other! Instead of American manufacturers making the profits, and American laborers, native and foreign, earning the wages, we should find the lords of the loom in Manchester, Birmingham, Sheffield, &c., growing rich and prosperous out of the American spoil. In a word we should be paying tribute, to the amount of tens of millions annually, to British capitalists and manufacturers, and helping to employ and sustain Foreign Pauper Labor. And this is the condition of things which the British Free Trade patriots of the Loco Foco press desire to bring about!

Maryland Election.—Authentic and complete returns are in from all parts of the State, and the result may be thus briefly summed up:

Congress.—Of the six members chosen, two are Whigs and four are Loco Focos.

1st District		John G. Chapman, (W.)
2d	"	Thos. Perry, (Loco)
3d	"	T. W. Ligon, (Loco)
4th	"	W. F. Giles, (Loco.)
5th	"	A. Constable, (Loco)
6th	"	Edward Long, (W.)

Being a loss of four Whig Members.

House of Delegates.—The Whigs have elected 43, and the Loco Focos 39 Delegates, making a Whig majority of four. The State Senate is decidedly Whig.

Mexico and a British Protest.—The editor of the Red River Republican says that a gentleman who travelled in Memphis with Ashbel Smith, when he descended the river, was informed by that gentleman, that he had seen a document which was intended to be addressed to Capt. Elliott, on the part of the British government to the government of Mexico, protesting against a declaration of war by the latter.

Canal Tolls.—Amount of tolls received on all the New York State Canals, in each of the following years, viz:

	4th week in Sept.	Total to 30th Sept.
1839,	$61,555	$1,127,000
1840,	70,860	1,185,281
1841,	85,345	1,432,493
1842,	75,644	1,170,548
1843,	97,759	1,444,836
1844,	86,872	1,757,873
1845,	113,178	1,753,100

It will be perceived that the tolls of 1845 are coming up handsomely, and that there is every indication that they will fully equal, if not exceed, the very large tolls of 1844. The late rise in flour and other bread-stuffs in New York acts electrically upon the business of the Western country.

Love of Country.—The Portsmouth (N. H.) Journal perpetrates the following:

EPIGRAM.

By a Texan, on the Demise of his Country as a Nation.

Defunct is my nation; with rapture I sing;
And yet, a most thorough-paced patriot, I;
For one's country to live is a glorious thing,
And oh! "it is sweet *for one's country to die.*"
VATTEL.

Progress of Steam.—Fifteen years ago the steamboat fare on the Hudson river, from New York to Albany, averaged seven and eight dollars. One boat a day accommodated all the travel and the trip occupied from 12 to 15 hours. Last Saturday, says the Albany Citizen of the 6th October, five steamboats left our wharves for New York, three of these the largest and most splendid in the world, and the fare ranged from *twelve and a half to twenty-five cents*. These fine boats, too, run at the rate of 20 miles an hour, accomplishing the trip in 8 or 9 hours.

☞ The New Orleans, which came in here from Chicago on Tuesday evening, brought the greater part of *four* mails from the East! Of course it took nearly all night to sort them, and we could get no papers until yesterday morning. This is a specimen of the irregularity of the Eastern mail during the last month.

New York and Erie Rail Road.—The subscription books for this road were closed in New York on the 4th instant, the whole of the required amount, *three millions*, having been subscribed.—It is the intention of the Directors to urge forward the construction of the Road as rapidly as possible.

Can't Stand it.—Elihu Burritt refuses to stand as the Liberty party candidate for Lieut. Governor. We expected that his good sense would bring him to such a decision.

☞ We are not the only sufferers, it seems, by the irregularity of the mails. The Galena Gazette of Friday last complains that no Eastern mail has been received there for a week!

It has been reported that there was quite a disturbance at the recent land sale in Milwaukie—so much so, that the Sheriff called out the German company to prevent further violation of law by a mob. Have not the Milwaukie papers sufficient *courage* to state the facts to their readers?

[Janesville Gaz.

If any such "fact," as the reported "disturbance," had occurred, very likely the Milwaukie papers would have had "courage" enough to mention it. But as there was only an apprehended, not an actual disturbance, the Milwaukie papers, which profess to deal in "facts," did not think it worth mention.

The National Bird of America. The Boston Transcript says:—

"A bald Eagle flew on board the U. S. ship John Adams, at sea, much fatigued. As poultry die rapidly at sea, he fared well, not being eatable, and became very tame, walking around from mess to mess, getting a crumb here and a drink there. He is now considered one of the crew, and attends to the furling of the royals. He never left the ship until the Princeton anchored at Pensacola, when he alighted on her cross jack yard, took a searching glance, saw all was right, as far as Uncle Sam was concerned, and returned to his own ship. The singular part of this occurrence is, that three foreign men-of-war are at anchor near the John Adams, and this republican bird will not visit either of them."

Fast Steamers.—The Oregon left Chicago at 9 30, on Monday morning, and arrived in this city at 8 30, on Wednesday evening.—[Detroit Express.

Her Majesty of England seems to be as popular here as in her own realm. At any rate, there is quite a disposition to make her presents of nice things. A cabinet made barrel and half barrel of flour, marked in gold letters, "Lyman A. Spalding, Lockport," was designed for the Fair of the American Institute; but a gentleman must buy it for a present to Victoria. So it must now go to the royal kitchen, where the royal hand will be most interestingly employed in making hot biscuit for breakfast.—[Jour. of Com.

Great Fire in Montreal.—We find the following paragraph in the Montreal Courier of Saturday, Oct. 4.

Fire.—We stop the press to say that a fire broke out in Griffin Town, about 3 o'clock this morning, and has continued to burn to the present hour, 6 o'clock, and is not yet got under. About 100 buildings have already been destroyed. When we left the ground, it was in contemplation to blow up one or two houses to prevent its extending further.

Sad Accident to Bishop Chase.—The Bedford (Pa) Inquirer of Friday, states that "on Tuesday the mail stage was upset about six miles and a half east of Bedford, and a number of the passengers more or less injured. Bishop Chase, of Illinois, was one of the principal sufferers. He had two ribs broken, and was otherwise considerably bruised. We are happy to have it in our power to state, that his medical attendants do not consider him dangerously wounded, and that there is no doubt whatever of his recovery."

From Delaware.—A letter to a gentleman in this city, received this morning, states that all resistance has ceased in Delaware county. The Sheriff on Friday and Saturday, with a small armed posse, made a tour through the worst part of the infected district, and served warrants upon a large number of the most disaffected.—Not the slightest opposition was offered, except some rather free talking on the part of the gentler sex! The posse, returned to Delhi, without encountering a single hair-breadth escape, or adventure of any kind.—[Albany Eve. Journal, Oct 8.

The March of the 2nd Dragoons.

We take great pleasure in publishing the following letter, describing the march of the 2d Dragoons from Fort Jesup to Corpus Christi. It shows the regiment to be in a thorough state of discipline, and full of alacrity to meet the enemy:

Corpus Christi, Sept. 2d 1845

To the Editors of the Picayune:

Gentlemen—For the purpose of correcting the various rumors and reports in circulation relative to the march of the 2d regiment of dragoons through Texas to this place, it is the request of the officers of the regiment that you publish the following:

Anticipations and predictions of a disastrous march for the dragoons, on account of the drought and warm season, were rife among certain wiseacres; and verifications of the same, in the shape of vague rumors of sickness and distress, were accordingly sent abroad ere we had fairly started; indeed a report reached us before we left Fort Jesup, that Col. Twiggs, who had preceded the command an hour or two, was lying dangerously ill, five miles on the road. This we discovered to be utterly false; on the contrary, our gallant Colonel never flagged or wavered, notwithstanding a slight affliction at the commencement of the march; but conducted by the command to this point with a rapidity, energy and masterly ability, in the highest degree creditable.

Passing through a comparatively unsettled country, a Southern clime, a 6 weeks' drought, the month of August, the various and contradictory reports in reference to forage, &c. with seven companies of dragoons and a train of sixty wagons, might well have staggered a firmer and more practical mind. But the task, voluntarily undertaken, has been accomplished; and the regiment and train of wagons presented to the commanding General in such fine condition as to have elicited the admiration of our friends of the infantry regiments, and a complimentary order from General Taylor himself.

True, we encountered difficulties on the route, and obstacles that seemed insurmountable; but nothing impeded our progress. Starting at 3 o'clock in the morning, and frequently at 12, our marches of twenty five and sometimes thirty miles were terminated before the heat of the day. Upon our arrival at the towns and villages we were greeted by the acclamations of the multitude assembled to welcome us. Balls and parties were immediately gotten up, and committees, composed of the magi of the people, sent to solicit our attendance. The ladies, God bless them, we found always first and most enthusiastic in the expressions of their joy and gratitude.

Our losses upon the route were principally from desertion—only three deaths having occurred on the march; one, the first day, was occasioned from overheating himself and drinking cold water—and two others from a stroke of the sun, having been obliged, on account of the soreness of their horses' backs, to walk across a prairie fifteen miles wide, on the borders of the Gaudalupe.

Indeed much of the distress, and the consequent desertions, may be attributed mainly to the circumstance that during the first six days over sixty horses' backs were injured by the miserable saddles lately adopted by the Government, and the riders consequently dismounted and made to walk the remainder of the way.

An amusing circumstance, and one that is more flattering to the regiment than any other occurrence on the route, took place at San Patricio. The regiment had made an early start, (12 M.) in order to accomplish a distance of twenty-seven miles to San Patricio, and cross the Nueces by means of a raft which had been previously constructed by a party thrown forward the night and day before. We arrived about 8 A. M. By 9 every dragoon had swam the river with his equipments. During the whole morning, and especially at this hour, had been heard what was at first supposed to be the firing of a salute at Corpus Christi.

The continuation of the distant reports, however, together with the absence of Gen. Taylor, who had informed Colonel Twiggs by express that he should meet him at San Patricio that day, confirmed even the most sceptical that Corpus Christi had been attacked. "To horse" was immediately sounded; then "the advance," and the sick & convalescent were ordered to remain as a guard to the train. When we had got fairly under way, however, and the stragglers were all up, the officer left in charge reported that there were no sick, the number having been suddenly reduced from 50 to 0!

We had scarcely proceeded three miles, however, before we met the General himself, and soon discovered that instead of the enemy we were about to meet a violent thunder storm. We were not much vexed as the occurrence displayed to us the alacrity with which our men would prepare to meet the enemy and the stuff the regiment is made of.

To Lieut. Geo. Stevens of the 2d dragoons, acting topographical engineer, is due the credit of surveying and measuring the entire route, from Fort Jesup, La. to Corpus Christi—having with his own hands constructed a viometer for that purpose. The distance to this point has been thus ascertained to be 501½ miles. The Regiment left Fort Jesup on the 25th of July, and arrived at Corpus Christi on the 27th of August, having rested eight days on the march.

No Mexican news of importance. The last camp rumor brought in by a party of traders is, that troops are assembling in such numbers, and so rapidly, on the Rio Grande, that they (the traders) will be enabled to make but one trip more. The General and his staff are busily engaged organizing the troops into brigades—the 2nd dragoons on the right, forming a distinct corps, under its colonel, with orders to act at his discretion in case of alarm.

Whigs the Enemies of Slavery.—The Louisville Democrat, the Loco Foco organ of that city, speaking of the mob, tries hard to bring odium upon the Whigs because of their opposition to Slavery, and among other things says:

"The Whigs have agitated the subject of slavery. It is only Whigs who have proposed to do it here. The whole thing is Whig all over. Not a single Democrat has proposed to discuss even the matter of gradual emancipation."

Very true, the Whigs are and ever have been the the friends of Freedom, and the opposers of Slavery. From that cause alone they derived the name of Whigs; while the Locofocos with the name of 'Democracy' constantly upon their tongues, care not a fig whether the whole human family are in bondage, if they can only finger the "spoils." And had the political Abolitionists been half as consistent in their opposition to slavery as were the Whigs, Texas would not have been annexed, Human Slavery would not have been perpetuated. Can they deny this?

THE MARKET.

Office of the Daily Sentinel,
Milwaukie, Oct. 15, 1845.

We have no change to note in the market.—More wheat has come in to-day and good samples brought 60 cents. The lateness of the season and the scarcity and high price of freights, combine to affect the wheat market unfavorably. Buyers are disinclined to go beyond 60 cents, notwithstanding the advance in the Eastern markets.

CAUTION TO FARMERS!----I have seen an advertisement in the Milwaukie Sentinel, purporting to give an account of a trial between my Eagle Fanning Mill and the one made by Mr. A. Odell, in which it is stated that while Mr. Odell's mill cleaned *ninety six* bushels per hour, mine only cleaned *seventy two*. If any such trial took place, it has not been in my presence, nor with my knowledge. As to the relative performance of the two mills, undoubtedly Mr Odell made his [illegible] bushels, but when he gave the performance of mine as only seventy two bushels, he greatly underrated its capacity for work. I undertake to satisfy any Farmer that my Eagle Fanning mill will clean at the rate of *one hundred and twenty bushels* per hour. Mr Odell's, according to his own account, when working to the best advantage, only cleans *ninety six*.

I would say in conclusion, that my mills took the preference, when exhibited at Poughkeepsie, New York, last year, and that I have the names of a number of Farmers in this Territory, who, after trying Mr. Odell's mill and mine, have sent his back and kept the Eagle. [illegible] that the mill is in every respect superior to Odell's mill.

SAY! STRANGER—have you been in LUDINGTON & Co's Store on the corner, since they have received their Fall stock of GOODS? If you have not, I really advise you to go. It is a strange thing indeed to see such a quantity of Goods and so complete an assortment, in any one store. I have heard people say that they had a very large stock of Goods, but I never had an idea that their stock was so tremendously large. I have been all around town, in their "Wholesale Stores," "Cheap Cash Stores," "One Price Store," "Great Excitement" Stores, "25 per cent. less than any other House in the Territory" stores, "Fancy Stores," "New Stores," "Western Stores," &c. &c. but after visiting all, I put LUDINGTON & Co's store down at extra No. 1. You will find them willing to wholesale or retail Goods cheap for cash, at one fair price, without the least excitement, not 25 per cent. cheaper than any other store in town, and they have a fine assortment of Fancy Goods, and will sell as cheap as can be bought at any new store in this Western country. They have, according to the best authority and my own observations, the largest and best selected assortment of Goods in Milwaukie, and their prices appear to give first-rate satisfaction among the people. It appears strange but it is nevertheless true, that they should sell so many Goods to so many people. Why! you can hardly go into any town in Wisconsin, but what you will see undoubted evidences that they are doing a tremendous large business. As far out as the Mineral region—yes! miles farther you will see dry goods boxes, barrels, kegs, &c. &c. with Ludington & Co's name on, which is a strong indication that they were sent there from their store, filled with goods. Ask the principal residents of Milwaukie, Washington, Dodge, Walworth, Portage, Fond du Lac, Marquette, and numerous other counties, where they buy their dry goods, groceries, hardware, crockery, boots and shoes, leather, stone ware, wooden ware, sash, glass, ropes, sundries, oils, pork, fish, salt, lumber, lath and shingles, and Minor & Horton's celebrated, unrivaled Plough—they will tell you at the "Old Corner Store" in Milwaukie. Ask them still farther, where they sell their produce, wheat, corn, oats, barley, timothy and flax seed, beeswax, hides, &c. &c., and who give the highest cash price, and they will tell you LUDINGTON & Co.

PROLAPSUS UTERI.

THIS troublesome disease is cured by the use of Hull's Utero Abdominal Supporter, from the many certificates in its favor we select only the following of Doctor Ashwell—After its successful trial in Guy's hospital, the following certificate was handed to Dr. Hull's London Agent, for public use:—

14 Devonshire Square, London, Mar. 17, 1838.

"Having tried Dr. Hull's instrument for the cure of Prolapsus and Procidentia Uteri, I am glad to express a highly favorable opinion of its utility. In a severe case of entire Procidentia, lately under treatment at Guy's Hospital, it was applied with marked success. Its great superiority over the pessary consists in its affording efficient support to the weak ued abdominal integuments, and in its *safe and* application, instead of its introduction into the vagina. I quite think it will accomplish a permanent cure better and more quickly than the pessary. SAMUEL ASHWELL, M. D.
Obstetric Physician, and Lecturer to Guy's London.

Sir Astley Cooper, after the apparatus had been several months under his inspection, gave the following opinion for publication:—

"This apparatus is beautiful for its simplicity; it is an acquisition to practice. The principle of its operation is quite original and perfect. I shall advise its use, and make use of it in my own practice, in preference to anything I have seen."

The above valuable instrument can be found at the Medical store of the undersigned, who is the agent for the sale of the same in Wisconsin. A. F. CLARKE,

SANDS' SARSAPARILLA.—Fever is one of the most frequent and dangerous diseases to which the human body is liable. Its first impression is upon the nervous system; then the vessels of the skin become deranged, producing dryness and burning heat. After this the general system is involved, and the patient sinks beneath the attack, unless relieved by appropriate remedies. Noxious effluvia and various miasms are the cause of fever, being diffused throughout the atmosphere, and often breathed into the lungs, when the poison combines with the fluids of the body and is carried by the circulating organs to the remote ramifications of the system. If then, the animal frame is kept in a perfect sound and healthy state, and every organ performing its functions properly, there can be no union of the predisposing cause, which is the noxious effluvia or marsh miasm, with the exciting, which is an impure state of the blood, and depraved condition of the general constitution, and consequently no disease.

For further particulars and conclusive evidence of its superior value and efficacy, see pamphlets, which may be obtained of agents gratis.

oct8 L. J. HIGBY.

CLEMEN'S INDIAN TONIC.—An infallible cure for chills or ague and fever. The unexampled success of this truly unrivaled Tonic in curing in a few hours, when ALL other remedies have failed, and that, too, in cases of from six to ten months standing, warrants the assertion that if taken according to the directions, an entire cure will be effected; and as a test of its efficacy. I warrant a cure in six days, or give another bottle without any charge; but as yet not a single case has come back not cured. L. J. HIGBY.

SALT RHEUM is certainly cured as usual by the use of North's Ointment and syrup, try it and see whether the papers tell the truth or not.

FEVER AND AGUE!!—1000's & 10,000's are now suffering under that *Bane of Life*, Fever and Ague, or Billious Intermittent Fever!—'ROWAND'S IMPROVED TONIC MIXTURE' is universally acknowledged, by the disinterested, to be the Great National Remedy—the only warranted, safe, sure, and radical cure—that never has failed, when properly used, to eradicate the disease, and also its immediate causes—restoring the natural feelings and elasticity of the constitution in a manner that nothing else will.

☞ Therefore procure at once this long-tried, old favorite, and sterling remedy, now called Rowand's Improved Tonic Mixture—protected against counterfeiters, by the written signature of the original inventor, John R. Rowand, over the mouth of every bottle—and which may, for a certainty, be obtained genuine in Milwaukie, of

this moment reached us, Which will most effect the interest of the citizens of Wisconsin, and whether there will be a similitude in effect, is yet to be determined. Of the former we can only say, that the news came well authenticated. Of the latter we have it from numerous and reliable sources, that for extent, variety, beauty and richness, together with extreme cheapness, he has by far the best bargains ever offered in the western market. 1845. —ALANSON SWEET—Storage, Forwarding & Commission Merchant, would respectfully inform the public that he has purchased the Warehouse and Wharf lately occupied by Sweet & Jervis, near the mouth of the Milwaukie River, and will continue the business on his own account.

His wharf can be conveniently approached by boats and vessels from the Lakes, and teams from the country, being located on the country side of the river, below all the shoals, bends and bridges which render it impossible for the largest class of boats and vessels to go farther up the River.

☞ A good supply of steamboat wood always on hand.

Liberal advances made on consignments.

AMERICAN HOUSE.

THIS large and commodious establishment situated in the most most central part of the city, has recently been purchased by the subscribers, and fitted up and furnished in the most superb style. The house will be under the superintendence of O G DORWIN, recently of the Cleveland House, Ohio, who hopes by the most assiduous attention to the wants of travelers, to receive the patronage of *all his old friends*, and as many new ones as he can "scare up."

The *omnibus* and baggage wagon will always be in attendance at the boats, to convey passengers and their baggage to the House, *free of expense*. Excellent stabling for horses.
